

Speed!

MOST of us are interested in Speed Tests—in the roaring flash of the racing auto, in the quick dash of the speed boat, and the thrilling sweep of the aeroplane.

The speed test, however, has an interest more than the spectacular to every man who owns an automobile, tractor, or any gasoline driven engine.

In order to attain this high speed,

Every Ounce of Power Must be Utilized

That is why so many auto racers, fast motorboat drivers, and prominent aviators choose Texaco Motor Oil.

Texaco Motor Oil has shown these people how a high grade lubricant saves power.

You owners of gasoline engines will soon find that Texaco Motor Oil means a saving of power, smaller fuel bills, a better day's work, and no trouble from cylinder wear or soiling of spark plugs.

THE SUNSHINE SPECIAL

Texas & Pacific and Iron Mountain inaugurate Fast Train between St. Louis, Dallas and Ft. Worth

The Texas & Pacific Railway, in conjunction with the St. Louis, Iron Mountain and Southern railway, will, effective December 1st, 1915 inaugurate the fast train service between Fort Worth, Dallas and St. Louis, which will be known as the "Sunshine Special." The schedule between Fort Worth and St. Louis will be approximately twenty hours or less, and between Dallas and St. Louis nineteen hours or less.

In making this announcement, Geo. D. Hunter, general passenger agent for the Texas & Pacific, indicated that the establishment of this service does not in any sense signify a speed war, but is the consummation of a plan tentatively considered over a year ago and interrupted only because of the war.

At a meeting of Texas & Pacific and Iron Mountain officials at Hot Springs a month ago consideration of these plans was renewed and a decision reached at that meeting to put "The Sunshine Special" into commission December 1st.

The new train between Dallas and St. Louis will be of new steel equipment from engine to observation car and the schedule so adjusted as to make connections with fast trains at St. Louis to and from eastern and northern points. This schedule will reduce the time between Fort Worth and Dallas and the North and East four to five hours.

"The Sunshine Special" will leave Fort Worth about 7:30 p. m.; Dallas about 1:30 p. m.; daily, arriving St. Louis before noon. Throughout the route will be scheduled to leave St. Louis early in the evening arriving Dallas about noon, Fort Worth about 11:00 p. m.

The name of the new train "The Sunshine Special" was adopted as tending to suggest something of the charm of the Southwest country, through which it traverses and which will bring into this territory visitors from the North and East.

The chief idea in planning this service is to increase tourist travel on this section and it is figured that the proposed schedule will have that tendency and it is hoped that it will be the means of drawing tourists from Southwestern resorts to the Southwest, because of the more attractive service and quicker time.

The new train will handle through traffic only, stopping not more than three or four stops on the Texas & Pacific and more will be made only at Little Rock and division points on the Iron Mountain.

Both the Texas and Pacific and the Iron Mountain have recently been re-laid with heavy steel and ballasted and are in better shape than ever before to handle the new train with safety and speed.

It is hoped that the venture will meet with the approval and patronage of the public as this is an attempt of the railroads to give the people of this section a twentieth century service.

SHUN MAN MENUS THE FOURTH STORY

Manhattan, Kan.—"A man without the 'fourth story' is an animated teddy bear, a walking refrigerator and every time you meet him you want to put on an overcoat," declared J. West, of Topeka, Kan., Associate Justice of the Supreme Court of Kansas, in the course of an address before the students of the Kansas State Agricultural College on "Man is Five Stories High."

The five stories are the physical, the mental, the moral, the emotional and the spiritual.

"A man with the first story and without the others is a good animal," said Judge West. "With the combination of the first two stories he becomes a beautiful and intelligent animal. Mentality governs the man. With the addition of the third story he becomes three-fourths of a man, but the man without the fourth story is a degenerate beast."

The last story is the spiritual. A good concrete man with the influence of the spirit has all of these stories; he should be and is a symmetrical piece of human architecture. A man who has only the primary element of mankind—physique—should be put on the grass with the rest of the animals.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Scurry. Notice is hereby given that by virtue of a certain Order of Sale, issued out of the Honorable District Court of Scurry County, the 29th day of September, 1915, by W. S. Adamson, Clerk of said Court, for the sum of Three Thousand Two Hundred Twenty Eight and 90/100 (\$3,228.90) Dollars and costs of suit, under a Judgment rendered, Sept. 14th, 1915, in favor of American Well and Prospecting Co., in a certain cause in said Court, No. 1809 and styled American Well and Prospecting Company, vs. Snyder Development Company, placed in my hands for service, I, W. A. Merrell as sheriff of Scurry County, Texas, did on the 29th day of September, 1915 levy on certain Real Estate, situated in Scurry County, Texas described as follows, to-wit:

The Oil Well, two thousand five hundred feet deep and the entire tract of land upon which it is located and belonging to defendant, situated in Scurry County, Texas and levied upon as the property of the Snyder Development Company and that on the first Tuesday in December 1915, the same being the 7th day of said month, at the Court House door, of Scurry County in the town of Snyder, Texas, between the hours of 10 a. m. and 4 p. m. by virtue of said levy and said order of sale I will sell above described real estate at public vendue, for cash, to the highest bidder, as the property of said Snyder Development Company.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Snyder Signal, a newspaper published in Scurry County.

Witness my hand this 4th day of November, 1915.

W. A. MERRELL,
Sheriff Scurry County, Texas

We Help Those Who Try to Help Themselves

C. W. Post Home Farms

We are building up a community of actual home owners, and are anxious to interest good, dependable men in our undertaking. We will sell raw land on which we will place improvements and charge against the land. In other words should you buy 100 acres, we will improve the same, with a 4 or 5 room dwelling (with water piped into the kitchen), well and windmill, sheds for chickens, hogs and stock, and a silo if wanted. These improvements will cost from \$1500 to \$1700. We will not sell land unless it is to be farmed—no speculation.

One can buy 100 acres 10 to 15 miles from Post City, but near a school, at \$20 to \$22 an acre, plus the improvements mentioned above. We will sell you the land and improvements for a payment of \$2 per acre (\$200) down and \$1.75 an acre (\$280) per year at the unusually low rate of four per cent interest. Notes on or before. Payments cover both land and improvements.

Farms on the plains will be sold during 1915, to be occupied early in 1916, for \$2.00 an acre down and terms as above. Interest does not start until you go on the land. Next payment Jan 1, 1917.

Also have 1st class land and put on the market the brooks, or grazing land. These lands will sell from \$0.00 to \$12.00 per acre. \$1.00 per acre cash, 50c per acre per year until paid out at 0 per cent interest. This goes in tracts of 640 acres and up.
